Division Description

Idaho's baccalaureate institutions of higher education include Boise State University in Boise, Idaho State University in Pocatello, the University of Idaho in Moscow, and Lewis-Clark State College in Lewiston.

These four year schools provide a wide variety of on and off-campus educational programs to meet the personal and professional needs of Idahoans at the baccalaureate, masters and doctoral levels. They also provide assistance to Idaho citizens through research and service programs.

Prior to FY 2006, Idaho law prohibited charging tuition to resident students for the purpose of paying for the costs of instruction. Student fees collected could only be used to pay for the non-instructional costs related to higher education (e.g. physical plant, maintenance and operation, etc.). In 2005, the legislature passed H231 which amended state law to authorize BSU, ISU and LCSC to charge tuition for instructional costs. The University of Idaho, however, is constitutionally prohibited from charging for the cost of instruction.

College and Universities Agency Profile

Terms and Definitions

Appropriated & Non-appropriated Funds: The Legislature only appropriates about 41% of the funds that support the operating budgets of higher education. General Funds represent about 26% of the total operating budgets, appropriated student fees represent about 14%, and endowment earnings represent about 1% of the total (see Endowment Fund Investment Board agency profile in this book for a history of endowment distributions). Operating funds that are <u>not</u> included in the appropriation represent about 59% of the total operating budgets for the four institutions:

Grants, Gifts and Contracts: These funds include federal and state grants, private gifts and competitively bid contracts for specific deliverables, and Federal Direct Student Loan funds. (34% of total operating budgets)

Auxilliary Enterprises: These funds are institutional business enterprises such as bookstores, student housing, intercollegiate athletics, student unions, etc. (13% of total)

Institutional Accounts: There are literally thousands of typically small activities that charge fees or sell services (e.g. copy machines, research labs, ag sales). (13% of total)

Consolidated Appropriation: Although each of the four year institutions prepare and submit individual budget requests to the State Board of Education, the Board's recommendation to the Governor and the Legislature is a single consolidated budget. The Legislature traditionally has provided one consolidated appropriation for all four institutions, and then the Board distributes that appropriation by formula to each college and university.

Enrollment Workload Adjustment: Each year there is a budget request to keep pace with enrollment growth at the four institutions. Enrollment Workload Adjustment (EWA) is not based on student enrollment per se, but is a calculation based on a three-year rolling average of the increase in credit hours, weighted by course level (lower division, upper division, masters, doctoral and law) and also weighted by discipline.

Funding Equity: In 2001, the Legislature prompted the State Board of Education to examine their funding formula for equity of state funding distribution among Idaho's four-year institutions of higher education. Through a consultant, the Board concluded, among other things, that state funds for similar students in similar programs were not distributed equitably between the four schools. Rather than redistribute existing resources, the Board has historically requested new funding totaling \$7,920,000 over five years to address "base instructional equity for BSU and ISU, and \$3,000,000 for a "science and technology adjustment", of which 77% would go to UI. No additional funding was ever provided for this purpose by the legislature, and in 2005, the appropriation for the College and Universities included legislative intent language directing the State Board of Education to complete the "process within existing and future appropriations".

Occupancy Costs: Those costs associated with occupying new, major general education buildings on campus. These costs include maintenance (1.5% of construction costs), custodial (1/2 position per 13,000 gross square feet), utility costs (\$1.75 per sq ft.) and other costs associated with IT maintence, security and safety (77¢ per gross sq ft).

Student Fees

Matriculation Fees: At the University of Idaho, this reflects the fees charged to students for the maintenance and operation of the institution's physical plant. Ul's consitutional charter and Idaho Code prohibit charging full-time, resident students for the cost of instruction (Idaho Code §33-3717).

Tuition: In 2005, the legislature passed H231 which amended state law to allow tuition and fees to be collected by BSU, ISU and LCSC to cover the costs of education, including the cost of instruction (Idaho Code §33-3717A).

Activity Fees: All resident and non-resident students are charged a variety of fees, where applicable, including part-time fees, graduate fees, professional fees (law, medicine, architecture, etc.) summer session fees and others. These fees are unrestricted and can be used to support the primary objectives of the institution for instruction, research, extension, public service and programs that support those objectives.

Budget by Decision Unit FTP General Dedicated Federal Total

Endowment Fund Reallocation

* The FY 2006 appropriation included a one-time fund shift to cover the pooled endowment shortfall, which did not affect the overall funds available for higher education. This one-time "fix" required in the budget process affected several agencies. In this case, general funds were reduced (and replaced with available earnings in higher education's endowments) so that general funds could be used to cover endowment losses in other charitable institution budgets. This decision unit reverses the FY 2006 one-time fix and reflects a shift from the endowment income fund to the general fund to return to a base funding level.

* Also reflects the transfer of Higher Education Research Council (HERC) and Technology Incentive grants to the institutions from system wide needs.

Benefit Costs

Includes the employer-paid portion of estimated changes in employee benefit costs. The two biggest factors are health insurance rates and retirement rates. Health insurance is projected to increase by 6.1% or \$436 per position. Retirement rates are scheduled to increase by 5.9% from 10.39% to 11% of salary for regular employees. Other benefit changes include minor adjustments in unemployment insurance rates and workers compensation rates. Also reflects a fund shift from endowment funds and student fees to the general fund in the amount of \$527,300.

Agency Request 0.00 1,953,600 0 1,953,600

Removes the PERSI rate increase and changes benefit costs to reflect a 3.5% or \$250 per FTP increase in health insurance costs. However, the change in health insurance providers, from Blue Shield to Blue Cross, has created a one-time opportunity to use unexpended reserves from the previous contract. This decision unit provides for a health insurance premium reduction equal to two month's premiums for both the employer and employee. Finally, a life insurance holiday is included equal to seven month's premium for the employer's share only. University of Idaho does not participate in the state health insurance plan, so it is not impacted by this decision unit.

\$5,600 of endowment replacement funds and \$224,200 of student fees replacement funds are covered in savings generated by the health insurance premium reduction.

Governor's Recommendation 0.00 (2,497,900) (820,000) 0 (3,317,900)

Inflationary Adjustments

Includes a general inflationary increase of 1.9% in operating expenditures. Also reflects a fund shift from endowment funds and student fees to the general fund in the amount of \$682,500.

Agency Request 0.00 1,318,400 0 0 1,318,400

The Governor recommends replacing all endowment funds and student fees needed for inflationary maintenance increases with General Funds, with the exception of \$330,900 in student fees replacement funds which are covered by savings generated by the health insurance premium reduction.

Governor's Recommendation 0.00 987.500 330.900 0 1.318.400

Budget by Decision Unit FTP General **Dedicated Federal** Total

Replacement Items

BSU: computers, printers, lab equipment, AV and distance learning equipment, classroom furnishings and equipment, and document imaging equipment (\$2,153,300); books and periodicals (\$201,300)

ISU: computers, lab equipment, and distance learning/instructional AV equipment (\$2.014.100), books and periodicals (\$181,400)

UI: computers, furniture, lab equipment, AV equipment, telecommunications equipment, and vehicles (\$1,425,300); books and periodicals (\$280,200)

LCSC: instructional computers (\$155,400); books and periodicals (\$20,700)

This decision unit also reflects a fund shift from endowment funds and student fees to the general fund in the amount of \$1,438,100 (\$233,600 of which is ongoing for books and periodicals).

Budget by Decision Unit FTP General Dedicated Federal Total

1. Occupancy Costs BSU, LCSC

The first three line items are listed in priority order as determined by the State Board of Education. Line items 4-7 were also requested by the institutions, but not are listed in any priority order.

- ~ BSU requests funding to cover custodial costs, utilities and other operating costs (e.g. security, insurance, etc.) for the Art Studio/ classrooms in Capitol Village, the Interactive Learning Center, and academic space in residence halls (2.85 FTPs, \$69,200 PC, \$342,200 OE).
- ~ LCSC also seeks occupancy costs for its Campus Activity Center. In fiscal year 2006, the occupancy costs for the Activity Center were only partially funded because the facility opened mid-year. This line item would fund the annualized cost of the Activity Center (1 FTP, \$40,200 PC, \$40,100 OE).

2. Salary Competitiveness

UI, BSU, ISU, LCSC

All four institutions are requesting additional funds to address salary needs for faculty and staff.

- ~ UI is on average 14% below the national average for faculty salaries and is requesting 8% of that amount (1% CEC and 7% line item). As a part of UI's strategic plan, appropriate and competitive compensation as measured against its peer institutions is the top priority (\$5,703,700).
- ~ BSU's faculty salaries are below peer levels. Their goal is to have the ability to attract and retain high quality faculty (\$500,000).
- ~ ISU's faculty salaries are below national and regional averages for public higher education. Bringing salaries to the national norm is a priority for ISU (\$1,000,000).
- ~ LCSC is requesting funding to address gaps between faculty and staff salaries and fair market rates (based on similar institution median rates) and partially address salary compression/equity problems (\$240,000).

Note: If appropriated, the actual amount allocated to each institution would be based upon legislative intent (if any) and applicable Board policy.

3. Funding Equity

UI, BSU, ISU, LCSC

In 2001, the Legislature prompted the State Board of Education to examine equity of state funding among Idaho's four-year institutions of higher education. A private consulting firm hired by the Board concluded, among other things, that state funds for similar students in similar programs were not distributed equitably between the four schools. The Board adopted those findings in January, 2002 and rather than attempt to redistribute existing resources, is seeking \$7,920,000 in additional funds for "Base Instructional Equity", of which BSU would receive 57% and ISU 43%. Additionally, the Board is seeking \$3,000,000 for a "Science and Technology Growth Adjustment" of which the U of I would receive 77%, ISU 11%, BSU 10% and LCSC 3%. This total funding equity package, therefore, equals \$10,920,000. However, consistent with years past, the State Board of Education is requesting only 20% of this total.

Budget by Decision Unit FTP General **Dedicated** Federal Total 4. New Staff and Instruction Pams **BSU. ISU. LCSC** ~ BSU is requesting 18 new faculty positions and related funding in response to continued enrollment growth. New faculty positions would be allocated as follows: College of Arts & Sciences - 4, College of Business - 3. College of Education - 5. College of Engineering - 2. and College of Social Sciences & Public Affairs - 4 (\$1,260,400 PC, \$54,000 OE). BSU also requests funding (annual stipend plus fee waiver) to support 30.5 graduate assistantships (\$274,500 PC, \$177,100 OE). Finally, BSU requests 2 FTP and related funding to meet increased demand for library services from significant and sustained enrollment growth (\$123,300). ~ ISU is experiencing increasing interest in programs throughout the state and certain high demand programs (e.g. health professions) on campus. ISU is requesting 20 FTP (faculty and staff support plus additional part-time adjunct faculty) and related funding to improve ISU's ability to carry out its community college function and increase access to critical programs (\$3,400,000 PC, \$400,000 OE, \$200,000 CO). ~ LCSC is requesting the addition of one grant writer (1 FTP and funding) to handle grants and contracts which have more than doubled at LCSC since 1999 (\$48,400 PC, \$61,000 OE). Agency Request 41.00 5.958.300 40.400 5,998,700 Not recommended by the Governor. 0.00 0 0 0 Governor's Recommendation UI, BSU, ISU 5. Physical Plant Maintenance ~ UI is experiencing a growing backlog of deferred maintenance in its physical plant which represents an unsustainable degradation of the physical infrastructure (\$14,300,000). ~ BSU is requesting preventative maintenance funding to ensure facilities are properly maintained and repairs are made on a timely basis and avoid costly repairs due to poor maintenance (\$200,000). ~ ISU seeks additional funds to improve regular maintenance and update facilities to provide a safe and productive learning environment (\$500,000). Agency Request 0.00 15,000,000 0 0 15,000,000 Not recommended by the Governor. Governor's Recommendation 0.00 0 0 0 UI. BSU. ISU. LCSC 6. Operating & Technology Support ~ UI requests funding to address deficiencies in instructional technology in the law school classroom and courtroom and the delivery of distance education programs in Boise (\$244,800 OE, \$519,000 CO). ~ BSU seeks funding for ongoing academic and administrative software upgrades to better meet student, faculty and staff needs (\$500,000 OE). ~ ISU's campus communications network is in need of upgrading in order to accommodate changes in the application of technology including the central computing system and software (2 FTPs, \$130,000 PC, \$370,000 OE). ISU also seeks additional funding for communications, travel and supplies to support the infrastructure of the educational process (\$500.000 PC, \$2.500.000 OE). ~ LCSC is requesting funds to improve the effectiveness of programs delivered on the main campus and at its outreach centers through a combination of targeted investments in instructional hardware, software and technical support (1.5 FTPs, \$76,300 PC, \$55,000 OE, \$127,000 CO). 5,022,100 3.50 4.928.800 93,300 Agency Request Not recommended by the Governor. 0 0 0 0 Governor's Recommendation 0.00 7. Library Support BSU. ISU ~ BSU seeks funding to support academic journal needs and new program growth (\$251,200 OE). ~ Additional resources for ISU's library would give students and faculty access to information relevant to their instruction and training needs (2.5 FTPs, \$135,000 PC, \$10,000 OE, \$505,000 CO). 2.50 901,200 0 901,200 Agency Request Not recommended by the Governor.
